NADA DEALERSHIP LIFELINE WEBINARS FOR THIS WEEK

MASSACHUSETTS COVID-19 DAILY TRACKER

[This bulletin supplements our previous bulletins #11 and #16 through #83 on this subject matter. These bulletins are intended to be cumulative so we can avoid repeating the same information.]

Your Association hopes everyone had a successful re-opening of dealership showrooms today as part of the state's phase two economy re-opening plan. If you are experiencing any issues, please contact us.

NADA Webinar Will Explain New Changes to the PPP – Tuesday, June 9, 1pm-2pm ET

As we detailed in Bulletin #82 (6/5/20), last week President Donald Trump [signed into law the Paycheck Protection Program Flexibility Act](#) (PPPFA) to address small business concerns.

Tomorrow in NADA's Dealership Lifeline Series webinar [PPP Flexibility Act of 2020: Impact on the Use and Forgiveness of Loan Proceeds](#), NADA's Andy Koblenz and Doug Greenhaus will explain important changes for dealers who received PPP loans and intend to have their loan proceeds forgiven.

[NADA's forgiveness analysis](#) details the PPPFA's changes and reviews important issues involving PPP loan proceeds use and forgiveness. Important links to PPP resources include:

RMV's Braintree B2B Service Center Opening on Monday, June 22

Due to the evolving situation with COVID-19 (Coronavirus) and in an effort to continue protecting RMV staff, customers, and business partners, the RMV is opening a new, dedicated B2B Center at the **Braintree Service Center** on Monday, June 22, 2020.

This is in addition to the existing **Attleboro, Boston (Haymarket), Chicopee, Milford, and Wilmington** dedicated B2B Service Centers. New IRP transactions will not be processed at the Braintree B2B, but will still be conducted at the Milford and Wilmington Service Centers.

In following 'social-distancing' practices, these B2B facilities and services will be for **drop-off B2B transactions/bundles only**. You will not be allowed to wait in any of these locations for pickup. All RMV B2B facilities are open from 9:00 a.m. to 5:00 p.m., Monday through Friday.

The RMV continues to serve members of the general public on an appointment-only basis at additional locations, consolidated into the larger service centers, and has redeployed teams from nearby, closed offices to ensure staffing resources are available to assist customers and business partners like you.

Please note: Any B2B service requests appearing at RMV Service Centers that serve the general public will be redirected to Attleboro, Boston (Haymarket), Braintree, Chicopee, Milford, and Wilmington RMVs.

In keeping with recommendations from the Massachusetts Department of Public Health, the RMV has also adopted enhanced cleaning practices for its facilities, purchased additional contactless hand sanitizer dispensing stations, issued anti-viral disinfectant wipes and individual-size hand sanitizers to certain employees, and expanded areas to be disinfected.

At Schools, Masks and Hand-Washing Will be the Norm

[Courtesy of *State House News Service*]

Smaller, "isolated" classes, masks on students and staff, frequent hand washing, and six feet of spacing between desks are among the elements necessary to safely reopen schools in the fall, according to new state guidance.

Elementary and Secondary Education Commissioner Jeff Riley on Friday sent school superintendents guidance around safety supplies to help them prepare to reopen school

buildings that have been closed to students since March, noting that some items may take longer than others to procure.

The department recommends ordering enough supplies for the first 12 weeks of school, based on current estimates, and says that state officials "are committed to providing support to districts in their acquisition of required supplies."

Required supply items include disposable masks, gloves and gowns; eye protection; face shields; hand sanitizer, and smaller quantities of N-95 ventilating masks, only to be used when staff is in contact with a suspected positive COVID-19 case or "performing aerosol-generating procedures." Supplies like gloves, gowns and face protection are intended for staff, like nurses and some special education teachers, who may have "high-intensity" contact with students, or the custodians who handle waste.

In addition to laying out the supplies to equip schools for educating during a pandemic, [Riley's message](#) also outlines a series of other health and safety measures he describes as necessary for a fall reopening, based on current state and federal recommendations.

The guidance calls for maintaining six feet of separation at "all time," including in how desks are arranged.

"Successfully implementing 6 feet of social distancing will require significantly smaller class sizes and reduced staff-to-student ratios," the memo said. "Furthermore, where feasible, programs should isolate individual groups of students with one consistently assigned teacher, and groups should not mix with other students or staff. At this time, group sizes are restricted to a maximum of 10 students, with a maximum of 12 individuals, including students and staff, in each room."

Students and staff must stay home when they feel sick or have any COVID-19 symptoms, so schools will need "enhanced protocols" for managing absences, the guidance said.

Students and staff will both need to cover their faces, with parents providing the masks for their students and "backup disposable masks" available at the school for kids who need them. Anyone who cannot safely wear a mask will not need to, but social distancing will be required in those cases.

A room will need to be set aside for students who may become ill during the school day, according to the guidance, and schools will need to develop new protocols on cleaning and disinfecting.

There will be frequent hand-washing, including upon arrival at the school, but temperature checks for students as they arrive are not recommended "due to the significant number of both false positive and false negative results." Additional information about symptom screening "will be provided in the coming weeks," the document said.

Riley has said he plans to distribute a full draft guidance around fall reopenings sometime in mid-June, and the department last week [issued guidance](#) on summer school and summer special education programs.

Riley recently [recorded an episode](#) of the Pioneer Institute's podcast "The Learning Curve," in which he discussed how he views reopening.

"When we think about it, we think about it on a continuum where on the left-hand side, in red perhaps, is this idea that we'd have to stay in remote learning," he said. "On the right-hand side, at the far end is green and it's this idea that we're just back to school as if it was pre-pandemic era and we were just having school."

A yellow piece in the middle would have hybrid learning options, Riley said.

"There may be a need to do some in-person instruction and some remote learning, and so what we're doing is creating models about all possibilities that we can give districts as we get ready to first start summer and then again think about how we can start in the fall," he said.

NADA Dealership Lifeline Webinar Series for This Week

NADA will conduct the following webinars this week:

- **Tuesday, June 9, 1pm-2pm ET:** [PPP Flexibility Act of 2020: Impact on the Use and Forgiveness of Loan Proceeds](#). NADA's Andy Koblenz and Doug Greenhaus will review the PPP Flexibility Act, including key rules and guidance from the SBA and Treasury, with a special focus on loan forgiveness application materials.
- **Wednesday, June 10, 1pm-2pm ET:** [The Bridge to the Future of Automotive Retail](#). Dealer Rick Ricart, an early pioneer in remote selling, and Joe St. John, head of digital retail at AutoFi, will break down how dealers can respond to the current market conditions to thrive with digital sales and financing.
- **Friday, June 12, 1pm-2pm ET:** [The Best Ideas from NADA 20 Groups, Part 7: In Times of COVID-19 Pandemic](#). Tom Carny, NADA 20 Group consultant, will review new best ideas NADA 20 Groups have shared during these unprecedented times.

Recordings of [all webinars in NADA's Lifeline Series](#) are available to NADA and ATD members 24/7, free of charge. Click [here](#).

NADA COVID-19 Resources for Dealers

NADA has produced a tremendous amount of resources to help dealers and their operations during the Coronavirus pandemic. A prolific source of information has been the NADA regulatory affairs team, by way of guidance, analysis, interpretation and explanation. The regulatory affairs group has recently worked with the NADA public affairs team to reorganize all of the regulatory compliance materials on the NADA Coronavirus Hub. The trove of materials is now organized by "Information" and by "Key Documents." Hot links lead you to every individual item/resource. The site and the links will be updated continuously. Bookmark the address, and click on the links as you need them for the latest versions of everything, such as CARES Act, SBA, PPP, Tax Relief, and more. Please check it out here: <https://www.nada.org/coronavirus/regulatory/>.
